About My Internship with Clevered..

- Due to network issues I was having, it was a little bit hard for me to catch up with classes, which means I always had challenges relating to what anyone was saying in class but thanks to my amazing teachers, A day never went by without them having to check up on me, making sure all my doubts were cleared, and they eventually cleared
- I earned a rockstar and teamwork badge, although I feel that I could have gotten more if I was more present in class, but I wasn't due to network issues
